## The NHHTOA Annual Meeting

Join the New Hampshire Timberland Owners Association (NHHTOA) for its 99<sup>th</sup> Annual Meeting at the Currier Museum of Art.

The featured tours and lectures for this year include an off-site tour of Manchester Water Works, a forestry tour of the 8,000 acres of forestland managed by the Manchester Water Works, and guided tours of the Currier Museum of Art. A forest history presentation will be given throughout the morning by Plymouth State University - Center for Rural Partnerships. The presentation will be held in the Currier Lecture Hall. This multimedia presentation was developed specifically for the NHHTOA' Annual Meeting. It draws from numerous northern New Hampshire forestry, mill and logging archival collections.

Water Works tours start at 8 a.m. and will be repeated at 10 a.m. Guided museum tours will be throughout the morning. The Plymouth State University presentation will start at 8 a.m. and will repeat every hour until 11 a.m. A catered lunch will follow the tours and lectures. (This year there will be two separate seatings for lunch to accommodate all members.)

### **PROPOSED BY-LAW CHANGE**

At the September 16, 2009, New Hampshire Timberland Owners Association Board of Directors meeting, the board approved a change to Article X of the New Hampshire Timberland Owners Association's By-Laws (see annotations below). This change will be presented and voted on by the members present.

The purpose of the change is to adjust the Association's fiscal year to enable more accurate budgeting based on our normal cash flow from business activities.

#### **ARTICLE X – FISCAL YEAR**

The fiscal year of this Association shall be from October 1<sup>st</sup> to September 30<sup>th</sup>, a calendar year from January to December of each year.
