Course Content

Intermediate Maple Sugaring Workshop

Are you hobby or backyard maple producer and thinking about upgrading or expanding your operation? Or are you new to this traditional New England pastime and want to dive right in?

Come to this hands-on workshop where the following topics will be covered:

- Sugarhouse design and safety
- "Professional" evaporator designs and sizing
- tubing fundamentals
- filtering and canning options
- small/medium sized vacuum systems
- sugarbush management
- on-line resources and equipment suppliers

This class will be in the sugarhouse and outside in the woods, so please dress accordingly. Weather permitting there might even be some sap to boil!
